INNOVATIONS

ABOUT

WE'RE A TOP-NOTCH ORGANIZATION WITH DIVERSIFIED INTEREST AT VARIOUS LEVELS WITH EXPERIENCE & GLOBAL REACH IN HEALTHCARE & ALLIED INDUSTRY

Commended by our hundreds of thousands of esteemed, loyal & trusted clientele from different Time Zones, Advamedix boosts its fast growth and popularity as reputable Healthcare Project Consultants, Wellness & Pharma, Power Solutions, Medical Equipment suppliers & related support services. Operating from the Corporate Headquarters in the trade hub of India's National Capital Region in Haryana - we are a team of some of the highly talented and experienced professionals from India who have achieved global recognition.

VISION

Our vision is to be the preferred healthcare strategists, facility planners, developer & providers of comprehensive solutions in the field of Healthcare Management, Medical Equipment's, Wellness & Pharma and Power Solutions catering over a billion Indians and the entire domain of the world.

To keep stretching our abilities beyond our limitations by working with the team of the smartest people in the business with expertise across a variety of domains.

MISSION

We have a strong commitment to transform a million lives through directly making an impact by becoming part of the opportunity to develop and provide latest technology and services which fits in all budgets in most affordable way despite being one of the youngest players in the global market.

Sourcing state-of-the-art futuristic modern technology-based high-quality products to cater demands of our expanding customer base in major parts of the world.

HEALTHCARE MANAGEMENT

A PERSONAL RELATIONSHIP WITH MEDICAL EXCELLENCE

Advamedix provides International standard - Healthcare Management Consultancy with a fully integrated team of Doctors, Hospital Administrators, Medical Planners, Architects, Engineers, Interior Designers, Bio-medical Experts, Human Resource, Chartered Accountants, IT specialists, and Marketing Experts under one roof offering an array of need-based solutions for the hospitals and healthcare industry,

right from conceptualizing to commissioning of the facility. Our strategic steps to consultancy

- Detailed Project Report
- Design Consultancy
- PMC
- Project Phase Procurement
- Value Engineering
- Equipment Planning & Procurement
- Market Intelligence
- Human Resource
- Performance Audit
- Commissioning Assistance

CONSTRUCTION PROJECTS

DELIVERING RESULTS, RELIABILITY, & ROCK-SOLID DEPENDABILITY.

Our Construction Project is the essence of years of professional practice experienced by an International Team of Designers, Suppliers & Contractors. The projects include state of the art high-end hotels, hospitals, lounges, corporate parks, offices, banks, educational institutes, restaurants, coffee shops, retail spaces and prominent residential houses, villas & apartments.

Our Methodology is to provide extensive details and meticulous specifications to our projects before commencement of

construction. This approach, along with our thorough project management, enables us to control the cost of projects, quality of work and duration of construction.

Our Contracting Services includes:

- Civil Structure Contracting
- MEP Contracting
- Fit-Out Contracting
- Interior Supplies

HOSPITAL & MEDICAL EQUIPMENTS

A PERSONAL RELATIONSHIP WITH MEDICAL EXCELLENCE.

With a wide variety of products, Advamedix provides an unrivaled service that you can rely on for all your medical equipment needs... a worldwide distributor of a variety of medical products such as - medical instruments, first aid kits, and supplies, hospital equipment, paramedic supplies as well as the full range of tactical clothing. With a fantastic range of products and excellent customer service, Advamedix provides an

unrivaled service that you can rely on for all your medical product needs. Our product range includes:

- Diagnostic Equipments
- Patient Handling Equipments
- Surgical Instruments
- Modular OT & Equipments
- Medical Furniture
- Medical Vehicles
- Consumables for Hospitals
- First Aid Bags & Kits
- Hospital Clothing & Accessories

HOSPITAL & MEDICAL FURNITURE

A HOME LIKE COMFORT WITH MEDICAL EXCELLENCE

We are one of the reputed supplier of a comprehensive range of hospital equipment and furniture. To ensure that these are in accordance with ISO 9001:2015 standards, our product build with high-grade raw material such as pipes, sheets and mild steel in the complete production process. This equipment and furniture find extensive usage in hospitals, clinics, nursing homes as well as in medical institutes. Our complete range is designed with the assistance of advanced technology

widely renowned for negligible maintenance and longer service life.

- Patient Bed
- Stretcher and Transport Chair
- Wheel Chair
- Medicine and Treatment Cart
- Operational Chair
- Bedside Cabinet & Wardrobe
- Over Bed Table
- Stainless Steel Medical Equipment Patient Lift & Examination Couch Traction Set

OXYGEN GENERATOR PLANT PSA TECHNOLOGY

PSA technology oxygen production and storage system can be used in both medical and industrial aids. It only uses air together with our air compressor, refrigerated dryer and filtration system and separates oxygen from other gases with nano-technology. This separation is carried out with a xed synthetic zeolite material which does not need to be replaced. The process is fully automated.

PROCESS:

The Pressure Swing Adsorption process separates the nitrogen molecules from the oxygen molecules. You can then use the pure oxygen in a wide range of medical applications, mobile or stationary.

Latest Flow Technique and Innovative Rotator Engineering have reduced the energy cost signi, cantly while making the system highly e. cient. The efficiency of the system is raised to an optimum!

ADVANTAGES:

PRACTICAL

No transportation or shipping required; produces oxygen up to 95% ($\pm 3\%$) purity.

SAFE

Works at 4-6 Bar pressure, fully automated and reliable.

HEALTHY

High quality medical grade liters

ECONOMICAL

The process is completely automated, which makes it reliable and virtually maintenance free.

Features:

- Redundant
- Modular Extension
- Basic Change Load
- Flow Measurement
- High pressure automatic drain valve
- Modbus
- Profinet
- CO / CO
- Remote Monitoring Box
- Sterile lter (0.001 Micron)
- Temperature Sensor
- Pressure Dew Point Sensor
- Inlet Pressure Sensor
- Atmosphere mechanism and chemical sensor
- Medical pre-lter change indicator
- Pneumatic liquid waste (test controlled)
- Pressure manometer

MODULAR OT

Our advanced Modular Operation Theatres ensures patient safety and improves treatment outcome while maintaining strict standards & guidelines in managing innovative medical workspaces for achieving maximum flexibility while operating. Modular OT focuses on achieving safety, precision, and efficiency for the entire operating team. It is designed to streamline the workflow during surgery and deliver better patient outcomes by eliminating leakages of time & resources.

Modular Operation Theatre Features

- Design as per NABH norms
- Class 100 OT's
- HVAC high flow design and 0.3 Micron Filtration
- Stainless Steel/ Aluminium LAF HEPA
- Surgeon Control ELE Panel
- Anaesthesia/ Surgeon Pendant
- Clean Room Puff Partition Wall/ Ceiling
- SS / GI Powder Coated/ HD Puff Partition
- Vinyl/ Epoxy/ PU Flooring
- View Panel & Pass Box

PHARMA & WELLNESS

Our products take care of your health and wellness-needs, in terms of mental and physical health both, thereby finding everything under one roof for rejuvenating the mind, body, and soul by providing high quality, affordable and innovative pharma & wellness products for the patients. We deliver a wide range of excellent quality and highly advanced pharmaceutical products covering major segments like Gynaecology, Paediatrics, Nutritional, Dermatology, Urology, Oncology, Ophthalmic, Cardio, Diabetes etc.

HOSPITAL SCRUBS & LINEN

We supply hospital linens that are comfortably fit for all day wear with balance of softness & strength, the premium breathable fabric, which provides excellent experience to the users. Our healthcare linen range includes sheets, blankets, under pads etc.

- Cotton Surgical Clothing
- Hospital Linens
- Disposable Surgical Scrubs
- Disposable HIV Kit
- Facemask and Shoe Covers
- Disposable Protective Goggles
- Hospital Bracelets / Patient Wristband

LATEX GLOVES, NITRILE GLOVES & STERILE SURGICAL GLOVES

We supply Latex Powder Free Disposable Medical Examination Hand Gloves, Nitrile Gloves and Sterile Surgical Gloves which are Allergy-Free, Ambidextrous suitable for all kind of industries, including full medical use in Hospitals, Laboratories etc, Comfortable with full tactile sensitivity, good elasticity and protection for minimal risks.

PRODUCT FEATURES:

- **Ambidextrous:** Able to use the right and left hands equally well.
- **Versatile Use:** Suitable for all kind of industries including full medical use.
- **Comfort:** Highest possible level of comfort and protection for minimal risks.
- **Finger Textured:** Provides sustained & improved grip to your fingers.
- **Allergy Free Nitrile Gloves:** Perfect for people with latex allergies.
- **Sterile Surgical Gloves:** Perfect Fit for every surgical procedure, optimize safety and efficiency.
- **Safe & Easy:** Single use only, safe, easy & fast donning process.

LMO PLANT (LIQUID MEDICAL OXYGEN)

We provide end to end solution for installation and commissioning of LMO plant, along with their respective logistics & set-up arrangements for supply to healthcare facilities as per specific requirements. The extent of benefits and advantages of the LMO system varies based on hospital size (bed capacity), location, consumption, local supply & service support for Management and Storage of Liquid Medical Oxygen (LMO) by infrastructure engineers.

MEDICAL GAS PIPELINE SYSTEM

We supply only medical grade material for MGPS installation. Our complete range includes O₂/ N₂O/ CO₂ Manifold, Control Panel, Air/ Vacuum Compressors, Air Vessels, Gas Alarm system, Isolation Valves System, Medical Grade Copper Pipe and Fittings, Bedhead Panels, I/O Modules etc. The MGPS provides vital medical gases for patient ventilation and various clinical applications. Installing a reliable central medical gas supply involves outstanding systems expertise and comprehensive range of products & services:

- Area Control Unit/ Control Panel
- Gas Cylinder Manifolds
- Gas Alarm Management System
- Gas Pipeline Distribution System
- Medical Compressed Air System

POWER SOLUTIONS

With our wide range of products for both AC and DC applications such as UPS, Batteries Banks, Servo Stabilizer, Solar etc, we offer customized turn-key solutions for your specific application. Ready to help you, solve any type of power problem from pole to plug, with our customised power infrastructure solutions. We also provide simple, efficient & cost-effective solution based on a modular, scalable, hybrid distributed renewable energy system designed and optimized for on grid and off grid installations.

APPLICATIONS:

- Power Switching & Backup equipment such as UPS, Batteries Banks etc.
- Stable 24-hour power production capability.
- Appropriate for on or off grid applications.
- Online tool for power generation monitoring.
- Charge Station for Smart Cities
- Wind Solar Hybrid Street Light

POWERING YOUR FUTURE

ARISE AWAKE AND STOP NOT UNTIL THE GOAL IS ACHIEVED

Take up one idea. Make that one idea your life, dream of it; think of it; live on that idea. Let the brain, the body, muscles, nerves, every part of your body be full of that idea, and just leave every other idea alone. This is the way to success, and this is the way great giants are produced.

-Swami Vivekananda

"Great things are not done by impulse, but a series of small things brought together."

-Vincent Van Gogh
